JUAN JOSÉ CÁCERES HUEZO

Creative technology · Digital projects

juanjoo.caceres.huezo@gmail.com | LinkedIn | GitHub

PROFILE

General High School student at Instituto Nacional San Luis and ¡SUPÉRATE! ADOC participant, with studies in technology, English, and personal development. Interested in building useful digital projects. Curious, responsible, detail-oriented, and eager to learn.

SELECTED PROJECTS

PrimerPaso | Youth Employment Portal
Co-created with a classmate to help adults over 18 find entry-level jobs that require no prior experience. The academic prototype includes job filters, a résumé builder, and interview practice. Listings are examples; applications are not sent to employers.

Live demo | Repository

TechGuide | Visual Device Assistant
Camera-based prototype using a custom Teachable Machine image model to identify electronic equipment and display predictions with confidence scores in real time.

Live demo | Code

SpeedyShop | E-commerce Project
Academic e-commerce website developed as a team project. The shared website is available to explore.
